## Boarding Checklist

- Food - In an effort to provide the best care for your dog, we request that you bring your dog's food, along with written instructions for feeding. This helps prevent any upset stomachs or food allergies because of a sudden change in diet. If you do not bring your dog's food, we will feed the dogs Purina Dog Chow or Diamond Maintenance.
- Vaccination Records - If you haven't already provided the vaccination records for your dog(s), bring a copy of your records when you check-in. Please make sure your pet's vaccinations include Bordatella (kennel cough).
- New Client Form - If your dog is boarding for the first time, you must complete the New Client Form. You may print a copy from our website at [www.agcpetrescue.org](http://www.agcpetrescue.org).
- Medications - Bring any medications that your dog(s) is currently taking, along with the original bottle and written instructions for administering the medication.
- Toys - You may bring your pet's favorite toys.
- Food Bowl - Although we have plenty of food bowls for your dog's stay, some dogs don't adapt to change as quickly as others and may prefer to eat from their own bowl. You may bring your dog's bowl if you feel he/she falls into this category.
